The Horizon by New Choice Homes blends British colonial style with coastal charm. As you enter the home you are greeted by a separate master bedroom wing with soaring raked ceilings and a hotel inspired ensuite. The opulence of this home continues through the living areas with featured recessed ceilings and large oversized windows with stacker doors into the outdoor living areas. The kitchen will delight any home chef with custom floor to ceiling cabinetry, cleverly extending into the scullery and hidden laundry with direct access from the garage and alfresco. Three minor bedrooms, theatre and multipurpose study located to the rear of the home complete this generously proportioned family home.
